## 5/3/2021 Senior Back-end Developer (Spring Boot - Java) - Chennai, Bengaluru/Bangalore, Hyderabad / Secunderabad - Edstruments - 2 to 7 years ... About Company

Edstruments is a K-12 education finance start-up whose mission is to optimize the way dollars are spent in the public education system. Our objective is to design robust and user-friendly software for budget owners that increases strategic decision-making and best practices within an organization. Our vision is a public education system that innovates quickly and optimizes spending around student outcomes. Our team consists of former educators, businesspeople, and technologists united around building

solutions for the operational inefficiencies faced by district and school leaders across the U.S. Our founder is a Forbes 30 Under 30 Stanford MBA and ex-McKinsey consultant and our Chief Technology Officer has built and exited a start-up before joining Edstruments.
